

# Quality Concrete Construction<sup>INC.</sup>

## About QCC

Quality Concrete Construction, Inc is located in Rindge, NH. Founded and incorporated in 1993, we've invested in experience, equipment and personnel to produce consistent, high quality results. Some of our client relations date back over 25 years. Please view the rest of our site to learn more about our services. If you have any questions, please feel free to contact us.

Quality Concrete Construction Inc provides services throughout New England and beyond. We are fully insured and bondable.

## Why QCC?

### Experience

Our experience extends through out our organization. Much of our business comes from satisfied customers and referrals from business partners and suppliers.

### Value

Our service, knowledge of the industry and quality equipment gives us the ability to complete your next project at competitive pricing.

### Services

Our service includes poured foundations, flatwork, and specialty concrete which include architectural finishes such as stamped concrete and polished concrete.

### Our Equipment

Our equipment includes total station layout equipment, boomtrucks, residential & commercial forming systems, laser screeds with 3D equipment, ride-on power trowels, power buggies, fork lift, stamps, polishing equipment, and joint filling equipment.

### Safety

Our personnel all must complete the OSHA 10 hour certification program and follow a comprehensive safety program.
